

SALSA BANGOR

2023 CLASSES SCHEDULE

LEVEL ONE★

Three movements that introduce you to the Salsa fundamentals. Providing the building blocks for more complex moves.

COMBINED CLASS★

Every month we combine students from both Level One and Two to learn together.

LEVEL TWO★★

A cycle built on three-week blocks, building on the fundamentals. Longer movements, broader repertoire and working on connection to body, partner, and music.

In each block the classes build on each other. Graduate to Level Two on the first class of the month only.

CHANGE OF STYLE

The social Salsa scene will expose you to a number of latin music genres, each with its associated dance. We'll get you started with a Change of Style class.

Where there's a fifth Thursday in the month, we fill it with a Change of Style. Additionally, Level Two students have a class scheduled every cycle.
